“Made in Peru”

BRAND Drager X-plore 1730 FFP3

	PCS PER PKG	VOL. (CBM)	WEIGHT
PALLET	360	1.331	13.00
CONTAINER	7,200		260.00

## DESCRIPTION

### DRAGER X-PLORE 1730 - DISPOSABLE FACEMASK - FFP3-V (PACK OF 10)

**Protect yourself from class 3 particles with the Drager X-plore 1730 disposable mask. This level of protection is indicated by a white mask. The mask also features a CoolMAX exhalation valve and comes in a pack of 10 pieces.**

The CoolMAX exhalation valve is situated on the side of the mask and is designed to guide any exhaled air away from the mask. This prevents the atmosphere in the mask from being humid and allows the user to stay cool with a high level of breathing comfort.

Class 3 protection is the highest class offered by Drager for the filtration of dust and particulates. This means the X-plore 1730 disposable mask is suitable for working with fine paint mists and particles in applications such as paint removal and wood staining. It can also be used in waste disposable and disposal of medical waste.

## KEY FEATURES

- VarioFLEX harness is adjustable and prevents hair entanglement
- Comfortable mask to wear and easy to put on and take off
- High filter performance and low breathing resistance thanks to CoolSAFE filter material
- Hypoallergenic inner layer is soft, keeps breathing resistance low and repels moisture
- Flexible nose clip adds to the tight fit of the mask

## SPECIFICATIONS
